

## Peer-Editing Checklist for the Instructions

**Directions:** Check your partner's paper for the following items and write comments.

Topic	Comments
What are these instructions teaching the reader to do?	
What reason does the writer give in the introductory sentence for the reader to learn these instructions?	
Are any steps missing? If so, what is missing?	
Are all the steps in order? If not, what step(s) is/are out of order?	
Are all the necessary materials mentioned? If not, what is missing?	
What is one potential problem that the writer warns about?	
How does the writer say to overcome this challenge?	
List any grammar or spelling errors you find.
